

Purpose

- To search for chemicals with a specific structure or functional group.

Scope

- Over 70,000 unique structure diagrams
- Cross referenced with the DWCP's
 - 220,000 product titles
 - 113,000 synonyms
- View diagrams in multiple modes
 - Ball & Stick
 - 2D & 3D rotation
 - Spacefill
 - plus many more options

Coverage

- Bulk pharmaceuticals
- Intermediates
- Fine & specialty chemicals
- Organic and inorganic chemicals
- Agricultural chemicals
- Flavor and fragrance chemicals
- Dyes and dye intermediates
- Food ingredient chemicals
- Laboratory chemicals & reagents
- Cosmetic chemicals
- Catalysts (by general application categories)
- Resins (by general categories)

Search by

- Sub structure / Functional group
- Structure similarity
- Exact structure match
- Molecular formula
- CAS registry number
- Chemical name

Formats Available

- Internet Access, Individual User accounts, updated daily.
